the Polo Farms near  
Monday after Hurricane

The waterway was expected  
sloping coastal plain not to drop below  
18 feet until sometime next week  
The floods at 11 feet.

"You find yourself sitting around  
not an inkling 'What if,' or, 'I wonder  
what the eggs are like right now,'" said  
Christnut, who is staying with family  
the area. "And wondering what you  
going to find when you finally get there."

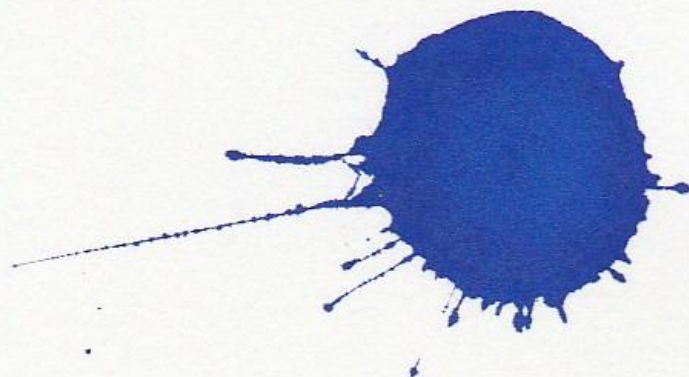

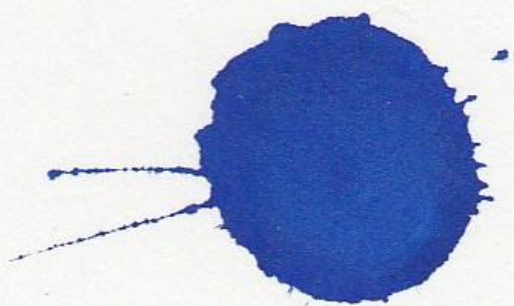

It's a scene repeating itself a  
in North Carolina, where rivers

They know what happened before  
just calculated is the name of the
